Subject Index—Volume 7, 1983

A

Abdomen
- open treatment of abdominal septic catastrophies (Broomé et al.), 792
- ultrasonic examination during surgery for abdominal abscess (Machi et al.), 409
- decision-making process in abdominal surgery in the geriatric patient (Reiss et al.), 522
- how to use abdominal wall retractors at laparotomy in grossly obese patients (Tera), 555

Abdomino-Perineal
- abdominoperineal excision of the rectum: a prospective study based on a standardized method (Liavåg and Roland), 241
- pelvic recurrence rate after abdomino-perineal resection and low anterior resection for rectal cancer before and after introduction of the stapling technique (Luke et al.), 616

Acid-Base
- acid-base problems in surgery (Clark and Walker), 590

Adrenal
- adrenal radiography: problems and pitfalls in adrenal localization (Geelhoed and Druy), 209
- unilateral versus bilateral adrenalectomy in multiple endocrine neoplasia IIA (Tibblin et al.), 201

Alimentary Tract Fistulas
- symposium: alimentary tract fistulas (Fazio), 445
- the pathophysiology of enterocutaneous fistulas (Fischer), 446
- elemental diet and enterocutaneous fistula (Deitel), 451
- esophageal fistula (Ginsberg et al.), 455
- gastric and duodenal cutaneous fistulas (Tarazi et al.), 463
- postoperative fistulas of the small intestine: therapeutic principles (Hollender et al.), 474
- factors influencing the outcome of treatment of small bowel cutaneous fistulas (Fazio et al.), 481
- alimentary tract fistula: stomatherapy techniques of management (Devlin and Elcoat), 489
- operative strategy in the treatment of enterocutaneous fistulas (Hill), 495

Arteriovenous
- subcutaneous brachial vein arteriovenous fistula for chronic hemodialysis (Koontz, Jr. and Helling), 672

Artery
- limb ischemia caused by small artery disease (Porter and Taylor, Jr.), 326
- the choice of operation in aortoiliac reconstructions for intermittent claudication (King et al.), 334
- arterial surgery of the upper extremity (Bergqvist et al.), 786
- intramuscular pressure changes during and after revascularization of the arteries in man (Christenson and Qvarfordt), 646

B

Bacteria
- systematic antibacterial mechanism in trauma (MacLean), 119
- prevention and management of infection in trauma (Molnar and Burke), 158
- a unifying concept of polymorphonuclear neutrophil function in acute bacterial infection (Krukowski and Smith), 424

Bile Duct
- treatment of retained common bile duct stones: a prospective controlled study comparing monooctanoin and heparin (Velasco et al.), 266
- radiological anatomy of the biliary tract: variations and congenital abnormalities (Puente and Bannura), 271

Bleomycin
- analysis of preoperative combined bleomycin and radiation therapy for esophageal carcinoma (Soga et al.), 230

Book Reviews
- clinical neurosurgery (Parent), 308
- creativity and disease: how illness affects literature, art and music (Alexander-Williams), 557
- autotransfusion (Eckmann), 557
- surgical disease in the tropics (Sorgi), 557
- advances in nutritional research, volume 4 (Hawker), 558
- intestinal fistulas (Ellis), 558
- vagotomy in modern surgical practice (Mosimann), 675
- a colour atlas of chest trauma and associate injuries (Batten), 799

Breast
- cancer of the male breast (Axelsson and Andersson), 281

Buerger's Disease
- what is Buerger's disease? (Shionoya), 544

C

Cancer
- is (almost) all cancer environmental? (Hardy), 176
- differentiated carcinoma of the thyroid gland (Ozaki et al.), 181
- abnormal sex-steroid milieu in young adults with hepatocellular carcinoma (Malt et al.), 247
- cancer of the male breast (Axelsson and Andersson), 281
- metastasis to the funiculus spermaticus as the first sign of renal cell carcinoma (Markovic et al.), 669

Carcinoid
- selective mesenteric vein catheterization and plasma serotonin determination in patients with carcinoid tumors (Nobin et al.), 223

Catheters
- selective mesenteric vein catheterization and plasma serotonin determination in patients with carcinoid tumors (Nobin et al.), 223
- thromboembolic complications from central venous catheters: a comparison of three catheter materials (Efsing et al.), 419

Celestin
- a simple method to prevent celestin tube regurgitation (Pimenta et al.), 301

Chemotherapy
- an interim report of a prospective, randomized, controlled study of adjuvant chemotherapy in operable gastric cancer: British Stomach Cancer Group (Fielding et al.), 390
- the radiocephalic fistula as vascular access for chemotherapy (Wobbes et al.), 532

Choledochoduodenostomy
- long-term experience with transection choledochoduodenostomy (Cuschieri et al.), 502

Cimetidine
- surgery of cimetidine? i. comparison of two plans of treatment: operation or repeated cimetidine (Andersen et al.), 372
- surgery or cimetidine? ii. comparison of two plans of treatment: operation or cimetidine given as a low maintenance dose (Andersen et al.), 378

Colohepatic
- colohepatic fistula due to hydatid disease (Morris et al.), 797

D

Dermatology
clinical applications of the argon and carbon dioxide lasers in dermatology and plastic surgery (Maser et al.), 684
Dextran
dextran prophylaxis of fatal pulmonary embolism (Ljungström), 767
Diaphragm
diagnosis of traumatic diaphragmatic hernia: analysis of 63 cases (Christophi), 277
Dragstedt
Dr. Dragstedt's first vagotomy (Woodward), 554
Duodenal Ulcer
elevated plasma levels of noradrenaline in duodenal ulcer (Järhult et al.), 385
bile reflux and degree of gastritis after highly selective vagotomy, truncal vagotomy and partial gastrectomy for duodenal ulcer (Dewar et al.), 743
recurrent ulceration after proximal gastric vagotomy for duodenal ulcer (Lunde et al.), 751

E

Editor's Page
is (almost) all cancer environmental? (Hardy), 176
heart replacement in man (Hardy), 309
collegium internationale chirurgiae digestivae: a perspective (Nyhus), 440
the burgeoning horizons of the endocrine system—and no end in sight (Hardy), 560
change in Editor-in-Chief (Hardy), 676
Emergency Medical Services
comprehensive regional trauma/Emergency Medical Services (EMS) delivery systems: the United States experience (Boyd and Cowley), 149
Endocrine
the burgeoning horizons of the endocrine system—and no end in sight (Hardy), 560
effects of changes in endocrine function on water and electrolyte metabolism (Johnston), 599
Esophagus
analysis of preoperative combined bleomycin and radiation therapy for esophageal carcinoma (Soga et al.), 230
esophageal fistula (Ginsberg and Cooper), 455
pancreatic endocrine function in patients with intrathoracic replacement after esophagectomy (Sudo et al.), 253

F

Fistula
symposium: alimentary tract fistulas (Fazio), 445
the pathophysiology of enterocutaneous fistulas (Fischer), 446
elemental diet and enterocutaneous fistulas (Deitel), 451
esophageal fistula (Ginsberg et al.), 455
gastric and duodenal cutaneous fistulas (Tarazi et al.), 463
postoperative fistulas of the small intestine: therapeutic principles (Hollender et al.), 474
factors influencing the outcome of treatment of small bowel cutaneous fistulas (Fazio et al.), 481
alimentary tract fistula: stomatherapy techniques of management (Devlin and Elcoat), 489
operative strategy in the treatment of enterocutaneous fistulas (Hill), 495
the radiocephalic fistula as vascular access for chemotherapy (Wobbes et al.), 532
subcutaneous brachial vein arteriovenous fistula for chronic hemodialysis (Koontz, Jr. and Helling), 672
colohepatic fistula due to hydatid disease (Morris et al.), 797
Fluids
symposium: fluid and electrolyte problems in surgery (Thorén), 565
fluid and electrolyte resuscitation of the thermally injured patient (Reaves et al.), 566
fluid therapy in shock (Arturson and Thorén), 573
intraoperative fluid therapy (Thorén and Wiklund), 581
acid-base problems in surgery (Clark and Walker), 590
effects of changes in endocrine function on water and electrolyte metabolism (Johnston), 599
combined fluid and corticosteroid therapy in septic shock in puppies (Connors et al.), 661
colohepatic fistula due to hydatid disease (Morris et al.), 797
Fructose-1,6-Diphosphate
therapeutic action of fructose-1,6-diphosphate in traumatic shock (Markov et al.), 430
Funiculus Spermaticus
metastasis to the funiculus spermaticus as the first sign of renal cell carcinoma (Marković et al.), 669

G

Gangrene
Fournier's gangrene: a general surgery problem (Diettrich and Mason), 288
Gastric
an interim report of a prospective, randomized, controlled study of adjuvant chemotherapy in operable gastric cancer: British Stomach Cancer Group (Fielding et al.), 390
gastric and duodenal cutaneous fistulas (Tarazi et al.), 463
the incidence of gastric stump cancer (Clark et al.), 236
denervation of the greater curvature in proximal gastric vagotomy (Martinez-Ramos et al.), 604
bile reflux and degree of gastritis after highly selective vagotomy, truncal vagotomy, and partial gastrectomy for duodenal ulcer (Dewar et al.), 743
Gastritis
bile reflux and degree of gastritis after highly selective vagotomy, truncal vagotomy, and partial gastrectomy for duodenal ulcer (Dewar et al.), 743
Gynecology
lasers in gynecology (Bellina), 692

H

Hemodialysis
subcutaneous brachial vein arteriovenous fistula for chronic hemodialysis (Koontz, Jr. and Helling), 672
Hemodynamics
the pulmonary response to trauma and mechanical ventilation: its consequences on hemodynamic function (Laver), 31
Hemorrheology
significance of hemorrheology in the management of the ischemic limb (Dormandy), 319
Heparin
treatment of retained common bile duct stones: a prospective controlled study comparing monooctanoin and heparin (Velasco et al.), 266
Hepatocellular Carcinoma
abnormal sex-steroid milieu in young

adults with hepatocellular carcinoma (Malt et al.), 247
Hernia
inguinal hernia repair with silk or polyglycolic acid sutures: a controlled trial with 5-years' follow-up (Burcharth et al.), 416
Hydatid Disease
colohepatic fistula due to hydatid disease (Morris et al.), 797
Hyperparathyroidism
hyperparathyroidism with hypercalciuria and urolithiasis: long-term effects of parathyroid surgery and postoperative thiazide therapy (Elomaa et al.), 186
surgical aspects of thyroid autonomy in multinodular goiter (Gemsenjäger et al.), 363
Hyperthermia
intraperitoneal approach to regional hyperthermia: possible anticancer applications (Smith et al.), 732

I

Ileal Reservoir
determinants of optimal results after ileoanal anastomosis: anal proximity and motility patterns of the ileal reservoir (Schraut et al.), 400
Intramuscular
intramuscular pressure changes during and after revascularization of the femoral arteries in man (Christenson and Qvarfordt), 646

L

Laparotomy
how to use abdominal wall retractors at laparotomy in grossly obese patients (Tera), 555
Lasers
symposium: the use of lasers in current surgical practice (Salmon), 679
lasers in general surgery (Aronoff), 681
clinical applications of the argon and carbon dioxide lasers in dermatology and plastic surgery (Maser et al.), 684
lasers in gynecology (Bellina), 692
phototherapy of tumors (Bown), 700
laser photocoagulation in alimentary bleeding (Swain), 710
the role of lasers in otolaryngology (Carruth), 719
current use of lasers in pulmonary disease (Hetzel), 725
Limb Ischemia
symposium: management of lower limb ischemia (Tracy), 313
the natural history of chronic leg ischemia (McGrath et al.), 314
significance of hemorrheology in the management of the ischemic limb (Dormandy), 319
limb ischemia caused by small artery disease (Porter and Taylor, Jr.), 326
the choice of operation in aortoiliac reconstructions for intermittent claudication (King et al.), 334
acute lower limb ischemia: pathogenesis and management (Lusby and Wylie), 340
objective analysis of factors contributing to failure of tibial bypass grafts (Ricco et al.), 347
prostaglandin therapy in severe limb ischemia (Pardy and Eastcott), 353
selection of a treatment plan in chronic atheromatous limb ischemia (Courbier and Bergeron), 536
Liver
abnormal sex-steroid milieu in young adults with hepatocellular carcinoma (Malt et al.), 247
postoperative liver insufficiency: prevention and management (Bismuth et al.), 505
liver alveolar hydatidosis in Xinjiang autonomous region (Ping-li), 511
infection of hepatic cysts following kidney transplantation in polycystic disease (Bourgeois et al.), 629

M

Malaria
effect of trauma on malaria infection (Aina), 527
Maxillofacial
maxillofacial injuries in polytrauma (Spiessl), 96
Metabolism
the metabolic response to trauma and sepsis (Hassett and Border), 125
fat and carbohydrate metabolism during and following hemorrhagic shock in puppies: a comparison of different resuscitation protocols (Coran and Connors), 653
Mirizzi
Mirrizi Syndrome (Lubbers), 780
Multiple Endocrine Neoplasia IIA
unilateral versus bilateral adrenalectomy in multiple endocrine neoplasia IIA (Tibblin et al.), 201
Myocardium
nitroprusside-epinephrine administration in acute myocardial ischemia (Pass et al.), 773

N

Neuroendocrine
the neuroendocrine response to multiple trauma (Gann and Lilly), 101
Nitroprusside
nitroprusside-epinephrine administration in acute myocardial ischemia (Pass et al.), 773
Noradrenaline
elevated plasma levels of noradrenaline in duodenal ulcer (Järhult et al.), 385
Nutrition
nutritional support of the multiple trauma patient (Schmitz et al.), 132

O

Osteosynthesis
osteosynthesis of major fractures in polytrauma (Tscherne et al.), 80
Otolaryngology
the role of lasers in otolaryngology (Carruth), 719

P

Pancreas
pancreatic endocrine function in patients with intrathoracic replacement after esophagectomy (Sudo et al.), 253
acute pancreatitis after cardiac transplantation (Adiseshiah et al.), 519
acute necrotizing pancreatitis after distal splenorenal shunt (Mosimann), 552
Pathogenesis
acute lower limb ischemia: pathogenesis and management (Lusby and Wylie), 340
Peritonitis
planned relaparotomies in the surgical treatment of severe generalized peritonitis from intestinal origin (Penninckx et al.), 762
Plastic Surgery
clinical applications of the argon and carbon dioxide lasers in dermatology and plastic surgery (Maser et al.), 684
Polymorphonuclear Neutrophil
a unifying concept of polymorphonuclear neutrophil function in acute bacterial infection (Krukowski and Smith), 424
Presacral Mass
a posterior approach to the presacral mass (Geelhoed and Kotz), 620
Prostaglandin
prostaglandin therapy in severe limb ischemia (Pardy and Eastcott), 353

Pulmonary
current use of lasers in pulmonary disease (Hetzel), 725
dextran prophylaxis of fatal pulmonary embolism (Ljungström), 767

R

Radiation
analysis of preoperative combined bleomycin and radiation therapy for esophageal carcinoma (Soga et al.), 230
Radiocephalic Fistula
the radiocephalic fistula as vascular access for chemotherapy (Wobbes et al.), 532
Rectum
a fourteenth-century description of rectal cancer (Arderne((1376)), Swain, translator), 304
pelvic recurrence rate after abdomino-perineal resection and low anterior resection for rectal cancer before and after introduction of the stapling technique (Luke et al.), 616
Relaparotomies
planned relaparotomies in the surgical treatment of severe generalized peritonitis from intestinal origin (Penninckx et al.), 762
Renal Cell Carcinoma
metastasis to the funiculus spermaticus as the first sign of renal cell carcinoma (Marković et al.), 669
Resuscitation
traumatic shock in polytrauma: circulatory parameters, biochemistry, and resuscitation (Messmer), 26

S

Serotonin
selective mesenteric vein catheterization and plasma serotonin determination in patients with carcinoid tumors (Nobin et al.), 223
Shock
fluid therapy in shock (Arturson and Thorén), 573
combined fluid and corticosteroid therapy in septic shock in puppies (Connors et al.), 661
Splenorenal Shunt
acute necrotizing pancreatitis after distal splenorenal shunt (Mosimann), 552
Stapler
pelvic recurrence rate after abdomino-perineal resection and low anterior resection for rectal cancer before and after introduction of the stapling technique (Luke et al.), 616
Steroid
abnormal sex-steroid milieu in young adults with hepatocellular carcinoma (Malt et al.), 247
Stomatherapy
alimentary tract fistula: stomatherapy techniques of management (Devlin and Elcoat), 489
Sympathectomy
axillary transpleural sympathectomy: indication, technique and results (Linder et al.), 437

T

Thermal Injury
fluid and electrolyte resuscitation of the thermally injured patient (Reaves et al.), 566
Thoracic Injury
thoracic injury requiring surgery (Mattox), 49
Thromboembolism
thromboembolic complications from central venous catheters: a comparison of three catheter materials (Efsing et al.), 419
thromboembolic complications after renal transplantation: a retrospective analysis (Arnadottir et al.), 757
Thyroid
differentiated carcinoma of the thyroid gland (Ozaki et al.), 181
changes in thyroid surgery during iodine prophylaxis of endemic goiter (Riccabona et al.), 195
surgical aspects of thyroid autonomy in multinodular goiter (Gemsenjäger et al.), 363
Tibial Bypass Grafts
objective analysis of factors contributing to failure of tibial bypass grafts (Ricco et al.), 347
Transcaval Postero-Cranial Resection
transcaval postero-cranial resection of the liver as treatment of the Budd-Chiari syndrome (Senning), 632
Transplantation
acute pancreatitis after cardiac transplantation (Adiseshiah et al.), 519
infection of hepatic cysts following kidney transplantation in polycystic disease (Bourgeois et al.), 629
upper GI bleeding in renal transplant recipients: the role of prophylactic gastric surgery (Haffner et al.), 738
thromboembolic complications after renal transplantation: a retrospective analysis (Arnadottir et al.), 757
Trauma
symposium: advances in the care of the multiple trauma patient (Allgöwer and Border), 1
trauma severity scoring to predict mortality (Champion et al.), 4
the injury severity score (Goris), 12
the initial evaluation of the multiple trauma patient (Shaftan), 19
traumatic shock in polytrauma: circulatory parameters, biochemistry, and resuscitation (Messmer), 26
the pulmonary response to trauma and mechanical ventilation: its consequences on hemodynamic function (Laver), 31
brain injuries in polytrauma (Bakay), 42
thoracic injury requiring surgery (Mattox), 49
intra-abdominal injuries in polytrauma (Polk and Flint), 56
vascular injuries in polytrauma (Heberer et al.), 68
osteosynthesis of major fractures in polytrauma (Tscherne et al.), 80
management of open fractures in the multiple trauma patient (Allgöwer and Border), 88
maxillofacial injuries in polytrauma (Spiessl), 96
the neuroendocrine response to multiple trauma (Gann and Lilly), 101
systemic antibacterial mechanisms in trauma (MacLean), 119
the metabolic response to trauma and sepsis (Hassett and Border), 125
nutritional support of the multiple trauma patient (Schmitz et al.), 132
evaluation and management of the polytraumatized patient in various centers (Olerud and Allgöwer), 143
comprehensive regional trauma/Emergency Medical Services (EMS) delivery systems: the United States experience (Boyd and Cowley), 149
prevention and management of infection in trauma (Molnar and Burke), 158
progress in the treatment of polytrauma over the past twenty years (Walt), 164
progress in the care of the victim of multiple injuries (London), 167
progress in care and treatment of multiple trauma patients during the last twenty years (Sander), 170
our experience with the changes in the care of the multiple trauma patient over the past twenty years (Rehn and Müller-Färber), 173
therapeutic action of fructose-1,6-diphosphate in traumatic shock (Markov et al.), 430

effect of trauma on malaria infection (Aina), 527
Tumors
phototherapy of tumors (Bown), 700

U

Ultrasound
ultrasonic examination during surgery for abdominal abscess (Machi et al.), 409

V

Vagotomy
localization of the antral-corpus boundary in proximal gastric vagotomy: an experimental comparative study (Ramos et al.), 260
how do clinical results after proximal gastric vagotomy compare with the Visick Grade pattern of healthy controls? (Muller et al.), 610
bile reflux and degree of gastritis after highly selective vagotomy, truncal vagotomy and partial gastrectomy for duodenal ulcer (Dewar et al.), 743
recurrent ulceration after proximal gastric vagotomy for duodenal ulcer (Lunde et al.), 751

Villous Adenoma
villous adenoma of the stomach (Herrington et al.), 295
Visick Grade
how do clinical results after proximal gastric vagotomy compare with the Visick Grade pattern of healthy controls? (Muller et al.), 610

W

Wounds
prediction of healing time as an aid to the management of open granulating wounds (Marks et al.), 641
